'As a lifelong United fan I'm excited that Hospice at Home have teamed up with United and the Blues Lotto. United will make some lucky people winners and the donation from the ticket will enable us to continue to provide quality end of life care to patients and their families within the home. Thank you for your support and good luck. Up the Blues!'

Hospice at Home Carlisle and North Lakeland

Hospice at Home Carlisle and North Lakeland

Hospice at Home provides high quality care and support for adults who have end of life care needs within the comfort of their home. Support is also there for their families and carers.

Services include: day and night nursing; respite care; lymphoedema service, befriending service, occupational therapy, complementary therapy and family & bereavement support.

All services to patients and their families are completely free of charge; however in order to keep the services running the charity needs to raise over **£1.7 million** every year to make sure we can be there for those families and patients when they need us most.

Your contribution via the Blues Lotto will make a difference within the community and we thank you for your support.

Thank you
